Louisiana PTA encourages all units to communicate with their members and community in some form whether it be a printed newsletter, electronic newsletter, or email blast. A newsletter is a great way to exchange news and ideas to bring PTA members closer to each other, to the school, and to all levels of PTA. Communicating information is a vital part of our personal and professional lives, and newsletters play a major role in that process.

Newsletters should be distributed to your entire school population by electronic communication, mail, or sent home with students. PTA membership should never determine if someone receives a newsletter. The name of the communication must identify that it is published by the PTA. The nameplate helps identify the newsletter, communicate its purpose, and invite recipients to read it. Keep your newsletter interesting, accurate, timely, and easy to read. Get an editor who is organized and diligent with excellent writing skills. There is no better way to get a parent to read a newsletter than by including their child's name in it.
